Liaison Parents Evening

Last term Kelly and I held a meeting with our class liaison parents where we acknowledged that too much time had passed since a meeting of this nature had been held. During that meeting we discussed the role, expectations and responsibilities of a liaison parent and we handed out a Liaison Parent Handbook which attempts to address these areas. We also raised issues on which we were interested to have input and reflections from parents, including parent evenings, parent information, communication and fundraising. These are just some of a number of issues which the school would like to gather parental feedback on in order to meet the needs of our community. While only initial discussions were had on these topics, it has been wonderful to have a couple of the liaison parent's step forward who are willing to carry some of these initiatives further.

On **Wednesday 13 September at 7 pm** we will hold our Term Three Liaison Parent Evening in the school Library where we can continue our discussions from Term Two and our refining and defining of this role.

In Term Four the suggestion has been made to have a Liaison Parent Evening at which both this years and next years volunteers attend so that there can be a sharing of the role with those who are going to carry it on in 2018. Therefore if classes can give some thought to who will be taking on this role for next year then we can make sure that all current and new liaison parents are invited to our Term 4 meeting. If you are interested in taking on this role for your class but are unsure of what it involves then please make some time to speak to either a parent who has held the position before or to your class teacher or sponsor. The Term Four meeting will be held on **Wednesday 15 November at 7 pm in the Library.**

If issues arise which require further discussion than time allows please follow this up at another time by making an appointment with the appropriate staff member. An email will be sent out to all parents at the end of this week with further information and instructions on how to book your interviews. We look forward to seeing you.

Dear Community

Rachel Hughes (on behalf of the CARE group), and Kelly Sutton wish to invite parents, and interested people to join a new initiative. The aim of this group is to create a fund to support families who may not be in a position to fully fund therapies recommended by either the teachers / therapists at the school / kindergartens, or by the school doctor, for their child.

There are many therapeutic supports available to support a child's learning and social journey during their time at kindergarten and school, and the wish of this group is to enable all children to receive the support that is recommended for them.

Our first meeting will be in the Teacher's Library – main library, Wednesday the 23 August 7.30 pm. Warm wishes and looking forward to seeing you there. Warmth, cake and cheer a guarantee.
