Ko koe ki tēnā, ko ahau ki
tēnei kiwai o te kete

You take that handle of the
kete and I'll take this one

As we come to the end of the term I would like to take a moment to appreciate and acknowledge all the people who help and contribute their time to grow our kura/school to the best it can be.

The many activities we do here at Taikura wouldn't be possible without the time given from our parent community. Camps, day trips, Festivals and plays all would not be possible without you.

We also have our weekly helpers who come in and complete tasks which support the smooth running of the school. The print off, organisation and delivery to classes of the Grapevine has been completed by the same steadfast parent, Jackie Blair, for more than seven years. The robust and exciting body of work completed by parents in the consultation and formulation of the He Ora strategy is another example of the work and effort of our school community. For parental commitment to weekly reading lessons in the Lower School, and the many hours devoted to the coaching, management and supporting of sports teams, we say thank you.

I would also like to give special mention to school parent, Zoe Shore, without whom, we would not be able to offer to our students the experience of the Leg-Up-Trust Equine Care Programme. Our partnership with this programme is now in its third year. Each Tuesday, six students from a mix of classes go to The Leg-Up-Trust. Here they work and experience themselves, learning in a context outside the traditional classroom model. We are very grateful to Zoe, who both transports and supports the students in this mahi. Having one person committed to the programme and the work means our students are provided with a consistent and quality experience. Since 2016, over seventeen students have passed through this programme ranging in ages and classes. We thank you Zoe.

While it is Thursday, and tomorrow is our last day of term, we still have an offering to the community. We warmly invite you to our school drama club production "A Tale of Two Cities", another example of stellar work by our staff and students outside of daily lessons. This play will be performed both tonight and tomorrow evening at 7:00pm in our school hall.

Wishing you a safe and restful holiday.
Kelly Sutton

French Conversation Group - Soirées de Conversation

The French conversation group will be up and going again at school next term. This informal group meets every fortnight. I went on exchange to France last year, and the conversation group grew out of my exchange experience. The intention of the group is to create a warm, supportive atmosphere for Taikura students and staff to explore the French language and culture -- we try out basic phrases, play board games, and share French food. We invite French speakers of all levels (or anyone with an interest in French language) and are always open to new members.

The meetings next term are: Tuesday 8 May, 22 May, 5 June, 19 June and 3 July - from 12:30pm to 1:15pm (location to be confirmed). Contact Stasia on stasiepops@gmail.com for more information.

Taikura High School Drama Club Proudly Presents

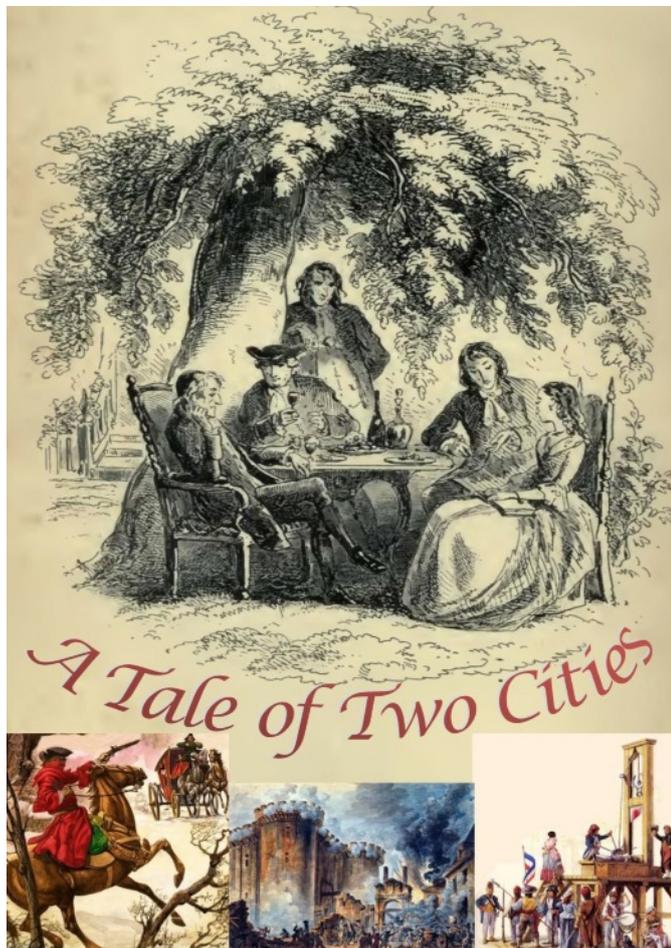

A Tale of Two Cities by Charles Dickens: Script by Mark Fitzgibbons.

When: Thursday 12 and Friday 13 April **Venue:** The School Hall starting at 7:00pm

Tickets \$5:00 on sale from next Monday outside the Hall Foyer after school. They are also available from the School Office, or on the night at the door.

Dr Manette and Lucie are called to a treason trial where a man called Barsad is accusing Charles Darnay of spying for the French. Darnay had helped Dr Manette and Lucie on their crossing from France a few years earlier. The trial collapses when an assistant lawyer called Sydney Carton to the defence council shows that there was no way for Charles Darnay to have been properly identified as a spy. Lucie falls in love with Darnay and Darnay falls in love with Lucie. Carton and his boss the main defence lawyer Stryver fall for Lucie too but Carton feels he can't ask for her hand as his luck is too bad whereas Stryver is dissuaded by Mr Lorry who shows him that his love for Lucie is not reciprocated.

The French Revolution takes place and Lorry is sent to Paris to tie up the affairs of Telsons bank. Charles Darnay who it turns out is the son of the Marquis d'Evremonde (the vile member of the French aristocracy whose victims Dr Manette was called to attend to leading to his imprisonment) has given up his estates, his wealth, etc. in France and distributed what he could to his former servants and workers. He is however still seen as an enemy by the revolutionaries who want Evremonde and all his family exterminated. He is lured back to Paris and imprisoned there for more than a year. By that time Lucie, his wife, her father Dr Manette and her child have gone to Paris to try and rescue him. Dr Manette is certain he can get Darnay released because he is seen as a hero of the revolution because of his twenty year imprisonment in the Bastille. However when Darnay is finally brought to trial Dr Manette's own condemnation of the Evremonde family written when he was going mad in prison condemns Darnay. Carton has also travelled to Paris because he would do anything for Lucie. He discovers that he has some power over the chief guard of the prison where Darnay is held and engineers his escape in exchange for himself. The play ends with Darnay's sublime speech from the guillotine just before his execution.
