Taikura Rudolf Steiner School The Grapevine Grapevine

Introducing the Behaviour Management Team (BMT)

Personnel Involved:

Troy Gardiner: troy.gardiner@taikura.school.nz Anne Hilton: anne.hilton@taikura.school.nz

The Behaviour Management Team has been set up to assist teachers and students with the implementation of the behaviour plan that is used throughout Taikura. The school behaviour plan is available for all students and parents to read by emailing the office. It is posted within classrooms for students to refer to. The plan consists of five levels of monitoring behaviour. The incidents are categorized from minor infractions, through to severe. The restorative action taken depends on where the incident falls on the continuum. Referrals to the BMT are made by staff and come under the supervision of the BMT. After unpacking and discussions, the appropriate actions are followed through.

The BMT team consists of two teachers; Troy Gardiner who works alongside teachers and students in the Lower School and the High School and Anne Hilton who follows up with the administration and works mainly in the High School.

Throughout the year the BMT meets weekly with the Counsellor and School Management (Pippa Caccioppoli and Kelly Sutton) around incidents and monitoring students.

Relationship building and consistence are important factors that are always considered when dealing with incidents. Classroom teachers deal with the diversions and corrective behaviour by having strategies built into their daily work plan. Positive comments and good communication are considered imperative in the classroom for every teacher. Prevention is the first line of behaviour management and thus creating a learning friendly atmosphere so every child feels safe and is able to fulfil their right to learn. Going forward at Taikura we are also implementing the PB4L School-wide initiative (Positive Behaviour for Learning). With this we will utilise strategies and procedures to build a culture where positive behaviour and learning is a way of life. We look forward to communicating and introducing this fresh approach to our community over the coming months.

Moderate incidents, as defined by the behaviour plan, are referred to the BMT and followed up to support the teacher and usually parents are notified of events. Major incidents are referred straight to school management.

All incidents need to be recorded on the school's student management system and are monitored on a weekly basis by Anne Hilton and presented at the weekly meeting. Where there are a frequent number of regular minor incidents by a student, these are discussed during the weekly meetings and either Troy or Anne follow through with appropriate actions; considering all the factors such as the student's age and/or the severity of the incidents.

An example: Late to school without good reason in the High School.

- Initial Level: (Considered minor incident) A 15-minute lunchtime detention is given that day or the very next day.
- **Missed the initial detention:** (Considered minor incident) If the initial detention was missed without genuine reason then a 30-minute detention is issued the following day and advised during sponsor time and school notices.
- **Missed the 30-minutes detention:** (Considered moderate incident) If the 30-minute detention is missed without genuine reason then a student management system report is generated, and Anne is advised. Anne then advises parents/caregivers and talks with students. From here an After-School detention for an hour is organized.
- **Missed After School Detention:** (Considered major incident) If this is missed without genuine reason it becomes an instant referral to school management.

At each step of this plan students are reminded of the expectations.

Dear Whanau

Mike Sargent will be visiting Taikura during week 7 of this term. As always we look forward to the insight and wisdom Mike brings. Mike's last visit was during the week leading into Level 4 Lockdown. His return visit will be particularly helpful, his support will contribute insight into our ongoing efforts to better understand behavioural and relationship changes we are experiencing amongst students Post - Covid lockdown.

Below is an introduction of Mike, printed in a Grapevine earlier this year.

Mike supports us to observe and understand the children at our school more deeply. Here's a little offering of his background.

Mike graduated as a Doctor from Otago University in 1975 and went on to do a diploma in Obstetrics which he completed in 1977. From there he went into General Practice in Tauranga. In the mid 1980's he started working with the formation of the New Zealand Anthroposophical Doctors Group, whilst at the same time he and his wife were founding members of the Tauranga Rudolf Steiner school. During this time, he took on the role of the School Doctor. Family circumstances led to a move to Auckland where he started up an Anthroposophical Medical Practice in Mt Eden. His daughters attended Michael Park School, where he took over the role of School Doctor. The role of Michael Park School Doctor continued over some ten years, which during this time expanded to include supporting the Tauranga and Hamilton Steiner Schools too.

In the later part of the 1990's Mike moved to Hawkes Bay, living in Otane, and the schools he was involved with expanded to include Taikura, Te Ra, and Raphael House, and the Motueka Steiner School, and also various roles at Hohepa Hawkes Bay. In 2002 Mike and his wife moved from Hawkes bay to Christchurch, where he became School Doctor for Christchurch and Dunedin Schools too. Around 2005, due to health reasons, Mike needed to decrease his workload, and stepped back from his school doctor roles. After the Christchurch earthquakes Mike withdrew from private practice but continued to be involved with Christchurch Steiner School and accepted our invitation in 2016 to renew his connection with Taikura School. Mike relinquished his practising certificate about six years ago.

Mike's passion, and reason for giving of his services to the Steiner schools and kindergartens around the country over the years is that he has a deep understanding of child development and health from his years as an anthroposophical doctor, whilst at the same time having extensive knowledge of Steiner pedagogy, and the healing forces that are held within the curriculum. With this combined knowledge Mike has developed keen observational skills, and he is able to support us as teachers and kindergartners to develop our insights with the children who stand before us and give indications as to how we can best support them out of a holistic picture. As teachers here at Taikura Steiner School and Kindergartens we always feel very privileged to have Mike's depth of knowledge available to us. He gives his time freely to us, and was pivotal in our will to create the H3 Fundraising group, which has been operating over the last three years to enable all students at our school that we know would benefit from anthroposophical therapeutic support (Nursing Therapies / Eurythmy / Art / Speech / Extra Lesson), plus other therapeutic support (the iLs Listening Programme and the Leg Up Trust) to receive it by providing financial support to families.

Out of habit we have continued to use the term 'School Doctor' for Mike's visits to us. We feel, along with Mike, that this is out of date and lends itself to misinterpretation as of the purpose of his visits. We experience Mike as a wise elder who supports our teachers to deepen their understanding of Child Development through the lens of Anthroposophical insights.

Warm wishes

Kelly Sutton

He pito kõrero!

Kua rangona e koe - Have you heard ...?

... about **Mahuru Māori**, the challenge that runs for the whole month of Mahuru (September)? The kaupapa was begun by te reo Māori language champion Paraone Gloyne, and encourages participants to speak te reo Māori for the month.

Some people are taking this up for an hour every day, or for half the day, all the way up to those who will attempt to speak te reo every day for the entire month.

Our whānau have very limited te reo between us, but we've set ourselves the challenge of speaking only te reo during the hour of dinner prep and kai time. We are going to keep resources at hand to help us out, like Scotty Morrison's *Māori at Home* and *A Māori Phrase a Day* by Hēmi Kelly, so we don't end up silent and very hungry! Here's hoping...

Together weaving the realisation of potential

For the next 2 weeks Classes 1-4 and Classes 6 & 7 will be continuing to hold parent teacher interviews. The final day for these interviews is Friday 21 August. We warmly invite you to come along and meet with your child's class teacher. We look forward to this time in the year, where with whānau, we take a pause, reflect and plan together your child's learning journey.

It is our expectation that all parents attend these interviews. We will be using the same booking site as in previous years <u>https://www.schoolinterviews.co.nz/</u>

We encourage you to book on-line please. However, parents who do not have access to a computer can phone Adrienne to book an appointment.

Warm wishes Kelly Sutton

Booking Your Interview

When you login you will see each class teacher has a range of times on various days available for interviews. We trust that the many options available will make it possible for all families to attend.

On-line bookings are now open. Next week is the last week for interviews.

Please note that the interview booking times for the following week, will be closed off each Friday afternoon prior to that week. Families not booked for an interview will be contacted by the school prior to the final interview week to ensure a suitable time is found.
